INDEX TO AGRICULTURAL ENGINEERING

Volume 17, January — December, 1936

Issue	Pages
JANUARY	1- 40
FEBRUARY	41- 88
MARCH	89-136
APRIL	137-184
MAY	185-232
JUNE	233-272
JULY	273-320
AUGUST	321-368
SEPTEMBER	369-408
OCTOBER	409-456
NOVEMBER	457-496
DECEMBER	497-544

A

Absorptive agent for drying grain, An 62
(Correction to above) 119

Acid for weed control, Application of sulfuric 339

Adams, Frank
Planning the use of our irrigation resources 325

Adobe construction 387

Aerial surveying for measuring fields 165

AGRICULTURAL ENGINEERING (Agricultural Engineers)
Doctor Ladd looks forward (editorial) 3
An agricultural engineer faces the "farm problem" 10
The second international congress of rural engineering 29
International agricultural engineering (editorial) 43
The agricultural engineer — technician or engineer 65, 163
The Bureau of Agricultural Engineering 77, 120, 166, 215, 257, 350
Agricultural engineering marches on (editorial) 92
Agricultural engineering marches on 277
Looking ahead in agricultural engineering 285
Engineering problems of molecule farming (editorial) 372
Liaison function of agricultural engineers (editorial) 411
Shall engineers invade the economic and social sciences? (editorial) 411
Social responsibility of engineering (editorial) 499
Agricultural engineering expands (editorial) 500
Engineering frontiers in agriculture 501

AGRICULTURAL ENGINEERING DIGEST (A review of current literature) 38, 82, 128, 172, 226, 263, 309, 354, 400, 492. 534

Agriculture, Engineering frontiers in 501

Air cleaners, Effect of particle size of dusts in testing internal combustion engine 379

AIR CONDITIONING
Air conditioning in agriculture (editorial) 275
Unit heaters in greenhouses 333
Air conditioning in agriculture (editorial) 460
Air-conditioned poultry brooder houses 518

Alcohol again, Power 235

Alfalfa leaves shatter, Moisture content at which 329

Alfani, Augusto
Aspects of land reclamation in Italy 296

Alkali conditions, Improving drain tile resistance to 513

AMERICAN SOCIETY OF AGRICULTURAL ENGINEERS (See also Agricultural Engineering, Meetings, Necrology)
ASAE and AEC (editorial) 235

Anderson, E. D.
Inspection and appraisal of farm buildings for insurance purposes 417

APPRAISAL
Farm building costs and appraisals 413
Inspection and appraisal of farm buildings for insurance purposes 417
Appraisal of farm improvements 419
Farm building valuation as related to long term loans 423

Arch action in granular media, A theory of 299

Artichoke, Engineering the (editorial) 236

Ashby, Wallace
Air conditioning in agriculture (editorial) 460

B

Backman, A. E.
Farm building valuation as related to long term loans 423

Baird, Ralph W.
Terracing machinery and terrace construction practices in the Southwest area 47
The size of terracing equipment 61

Barger, E. L.
The tractor fuel situation in Kansas 241

Beresford, Hobart
Electricity in better farm management 506

Bohstedt, G.
Feed processing in relation to animal nutrition 98

Bollworm control, Engineering phases of pink 346

Bridgman, C. T.
A low-cost floor of reinforced tile 14

Brooder houses, Air-conditioned poultry 518

Brooks, F. A.
Effect of particle size of dusts in testing internal-combustion engine air cleaners 379

Bruhn, H. D.
Burr mill design and performance 101

Buffalo grass seed, Design of a machine for harvesting 197

Bureau of Agricultural Engineering, The 77

Burr mill design and performance 101

Byrom, M. H.
A thresher for individual grain sorghum heads 162

C

Callenbach, C. W.
Air-conditioned poultry brooder houses 518

Carnes, Ernest
Vegetative control in soil conservation 341

Carpenter, J. W. Jr.
Terracing machinery and terrace construction practices, Types of machines and selling policies 53

Carter, Deane G.
Cost of terracing with power equipment 511

Cartwright, Frank P.
Recent developments in lumber construction applicable to farm building 291

CHEMURGY, FARM
Engineering problems of molecule farming (editorial) 372

Churns, Energy consumption of large 516

Clark, Hamilton
The students' Estes Park meeting 448

Clegg, W. A.
Terracing machinery and terrace construction practices, Problems in determining terracing costs 52

Clyde, A. W.
Measurement of forces on soil tillage tools 5
The effect of tractor tire size on drawbar pull and travel reduction 255

Collier, T. R.

Engineering frontiers in agriculture 501
EROSION CONTROL, SOIL (See also Terracing)
Harvesting native grass seed 195
Design of a machine for harvesting buffalo grass seed 197
Engineering phases of soil erosion control 205
Terrace project planning 205
Erosion control in terrace outlets 208
Lakes in rural communities 209
The farm pond 211
Europe, Farm equipment research and testing stations in 75
Europe, Some farm machinery developments observed in 70
Extension subject matter, Preparation and presentation of 331

F

Fairbanks, J. P.
Preparation and presentation of extension subject matter 331
Farm problem, An agricultural engineer faces the 10
"Farm problem," Not a part of the (editorial) 43
Farm products, not farmers, for factories (editorial) 3
Farms, The engineering reorganization of 153
Fawcett, K. I.
The precooling of fresh fruit 377
FEED PROCESSING
Feed processing in relation to animal nutrition 98
Burr mill design and performance 101
Economy versus digestibility and palatability 256
FENCING, FARM
The electric fence 253
Present status of electric fencing 471
Fertilizer application, The joint committee on 167
Fertilizer placement research, New developments in 461
FIRE PREVENTION AND PROTECTION
Fire resistance for farm homes (editorial) 188
Water supplies on farms for fire department use 349
Fisher, F. A.
What America's soil conservation program requires of the engineer 45
Fletcher, Leonard J.
The size of terracing equipment 59
Flood control at the grass roots (editorial) 235
Flood problem goes to town, The (editorial) 140
Floor of reinforced tile, A low-cost 14
Forage crops, Natural drying of 433
Forces on soil tillage tools, Measurement of 5
French, O. C.
Rate of wear of spray-gun disks 67
Characteristics of spray nozzles for vegetable and weed spraying 115
Application of sulfuric acid for weed control 339
Frick, C. H.
Inspection and appraisal of farm buildings for insurance purposes 417
Frost, K. R.
The garden tractor in California 109
Fruit, The precooling of fresh 377
Fuel briquettes made from agricultural and other waste products, Thermal and physical properties of 199
Fuel situation in Kansas, The tractor 241
Fuller, Guy C.
Harvesting native grass seed 195

G

Gallagher, H. J.
Line extension policies 337
Garden tractor in California, The 109
Gardner, Willard
Effective diameter of well network 240
Well battery design 293
(Correction to above) 456
Gericke, W. F.
Heating of liquid culture media for tomato production 141
Giese, Henry
A low-cost floor of reinforced tile 14
Ginning investigations (BAE, USDA), Cotton 350
Glass, John S.
The size of terracing equipment 57
Grass seed, Harvesting native 195
Greenhouses, Unit heaters in 333

H

Hamaker, L. S.
A steel frame house 192
Hamilton, C. L.
Terrace project planning 205
Some engineering aspects of terrace outlets and waterways 522
Hamilton, M. E.
Burr mill design and performance 107
Hanson, G. B.
Farm building costs and appraisals 413
Hardy, E. A.
Tractor engine lubrication under low temperature conditions 465
HARVESTING (See also Combines)
Harvesting native grass seed 195
Design of a machine for harvesting Buffalo grass seed 197
Pyrethrum harvesting 284
Haswell, John R.
A power line construction exhibit 345
Herring, W. E.
Engineering phases of the REA program 63
Hienton, T. E.
The precooling of fresh fruit 377
Hillman, V. R.
A method of measuring acres per mile of terrace and total acres benefitted 395
Hoover, G. F.
Terracing machinery and terrace construction practices, Factors affecting terracing costs 51
HOUSES
Low cost farm homes from small logs 20
Fire resistance for farm homes (editorial) 188
A steel frame house 192
Farm dwelling construction 193
Hulburt, W. C.
Cost of terracing with power equipment 511
Humphries, W. R.
An absorptive agent for drying grain 62
(Correction to above) 119
Performance studies of small combines 249
Hurlbut, Lloyd W.
The effect of tractor tire size on drawbar pull and travel reduction 143
Hurst, W. M.
An absorptive agent for drying grain 62
(Correction to above) 119
Performance studies of small combines 249
Hutchinson, C. J.
A log sweet potato storage house 517
Hydrologic studies in soil conservation, Watershed and 373

I

Illinois and its amazing century (editorial) 323
IRRIGATION
Effective diameter of well network 240
The division of irrigation (BAE, USDA) 257
Planning the use of our irrigation resources 325
Control of high soil temperature 383
Isler, D. A.
Engineering phases of pink bollworm control 346

J

Jointer, Self-aligning disk 304
(Correction to above) 342

Jones, G. D.
Patent principles and practice 189

Jones, T. N.
Natural drying of forage crops 433

Jones, Walter B.
Power alcohol again (editorial) 235

K

Kable, Geo. W.
Present status of electric fencing 471

Kaiser, W. G.
New things in concrete construction for farm application 237

Keeney, L. G.
Inspection and appraisal of farm buildings for insurance purposes 417

Kessler, N. A.
The engineering reorganization of farms 153

Kingsley, F. C.
The electric fence 253

M

MACHINES, FARM (See also Combines, Pest Control, Planters, Plows, Threshers, Tractors, Tillage, Terracing, Wheels)

On those who lament machinery (editorial) 4

New developments in mechanical equipment to control insect pests and plant diseases 13

A nomographic chart for the Iowa dynamometer 68

Some farm machinery developments observed in Europe 70

Farm equipment research and testing stations in Europe 75

The division of mechanical equipment (BAE, USDA) 120

Design of a machine for harvesting buffalo grass seed 197

A telescoping wagon tongue 343

New developments in fertilizer placement research 461

New developments in sugar beet machinery 467

Development of offset disk harrows 503

Marshall, O. J.
Aerial surveying for measuring fields 165

Materials, Cutting edges and (editorial) 91

McBirney, S. W.
New developments in sugar beet machinery 467

McCuen, G. W
The second international congress of rural engineering 29

Some farm machinery developments observed in Europe 70

McGrew, P. C.
Terracing machinery and terrace construction practices in the Pacific Northwest area 50

McPheters, W. H.
The farm pond 211

MEETINGS (ASAE)

Southern agricultural engineers meeting program 31

Pacific Coast Section officers 81

ASAE annual meeting plans 121

Provisional program, 30th annual meeting 168

The mountain meeting (editorial) 187

Program, 30th annual meeting 217

Observations on the 1936 annual meeting 306

North Atlantic Section announces tentative program 397

Technical division program plans announced 438

North Atlantic Section meeting at Skytop 438

Pacific Coast Section program announced 439

The students Estes Park meeting 448

For higher meeting values (editorial) 459

Program, winter meeting of the American Society of Agricultural Engineers 483

Southern Section meeting at Nashville 485

Georgia Section ASAE organized 485

Merrill, R. M.
New developments in mechanical equipment to control insect pests and plant diseases 13

Mervine, E. M.
New developments in sugar beet machinery 467

Milk cooler with pneumatic agitation 281

Miller, Dalton G.
Improving drain tile resistance to alkali conditions 513

MILLS, FEED GRINDING (See Feed Processing)

Moisture content at which alfalfa leaves shatter 329

Moses, B. D.
The Brown type multistage walnut dehydrator 297

Murray, V. M.
An improved non-metallic sheathed wiring installation for rural buildings 23

N

Nails, Holding power of 295

NECROLOGY
